# Have fun with our activity pack all about Play!

This fun Play themed activity pack, Dreamers Space, has been created by artist Corrina Askin in connection with our Exhibition, Arpillera Voices for #ChildrensRights curated by Conflict Textiles.

Did you know that Play is a children's right? A cultural and artistic life is one of the children's right highlighted in the exhibition and we've created an activity pack to help you get creative with play at home! Have a go with lots of great play ideas from Garden Soup, to Rainwater Tea, and send us in pictures of anything you make to [esther.alleyne@causewaycoastandglens.gov.uk](mailto:esther.alleyne@causewaycoastandglens.gov.uk) so we can share them online and encourage others to play to!

Why not have a look at the Arpillera Voices for #ChildrensRights and learn about the other rights that children have through art at:

# Matisse

Matisse was a sickly child  
so his father would bring him pigeons,  
which he loved. He marvelled at their  
iridescent colour. Eventually Matisse  
became a master of colour.

# Sounds

what does chaos sound like?

what does stillness sound like?

what does your inner voice sound like?

what does love sound like?

what can a bird on a bicycle hear?

what does rain sound like?
